PORTLAND, Feb. 19,-Chinese hopgrowers who lost money last season find it difficult to obtain advances from capitalists this year. Some of the Celestials have been offering to raise hops at 10e a pound, provided an advance of 3c is allowed. This the moneyed men think is too much, especially as there is no way to collect should the crop fail or the landowner take possession of his property,

"A good many Chinese growers have proven 'sloppery' in this matter," a bon dealer said today, "and when they lost money they could lose themselves in a crowd of their countrymen and disappear for good. Some of them are now last year's losses, but no collection can be made from them. The Chinese growers are all renters, and their landlords insist on a share of the crop, which in years of low prices cuts into the profits of the renters."

Itch-Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me com-pletely and permanently. Since then I have used the limiment on two separate occasions for ring worm and it oured completely. 25c, 50c and \$1.06. Sold by Hart's Drug Store.
